## The Internal Revenue

Receipts for the Past Eleven Months

**WILL AGGREGATE \$120,028,968.**

This is About Six Million Dollars More Than the Corresponding Eleven Months of the Preceding Year—Other Dispatches From Washington.

WASHINGTON, June 22.—Internal revenue receipts for the eleven months of the current fiscal year, ended May 31, aggregated \$120,028,968, or about \$6,000,000 more than for the corresponding eleven months of the preceding year. The receipts so far point to a revenue of \$130,000,000 for the current fiscal year, as against \$114,000,000 last year.

The following figures show the receipts from different sources for the eleven months of the current year, and the increases over receipts from the same sources during the corresponding eleven months of the preceding year: Spirits, receipts, \$68,475,204; net increase, \$4,280,592; fermented liquor, receipts, \$21,368,618; net increase, \$367,686; tobacco, receipts, \$29,246,220; net increase, \$1,122,488; oleomargarine, receipts, \$855,654; net increase, \$37,684. There was a decrease of \$7,054 in the special tax on manufactures of oleomargarine.

WASHINGTON, June 23.—The president has appointed the following collectors of internal revenue:

William Cassius Goodloe for the Seventh district of Kentucky; A. T. Wimberly for the district of Louisiana; and Henry M. Cooper for the district of Arkansas.

The president also appointed John H. Simons, of Portsmouth, O., to be United States marshal for the southern district of Ohio; George I. Cunningham, of South Carolina, for the district of South Carolina; and Orville T. Porter, of Oregon, for the district of Alaska.

United States attorneys—Walter Lyon, of Pennsylvania, for the western district of Pennsylvania; and William E. Craig, of Virginia, for the western district of Virginia.

Horace Greeley Knowles, of Delaware, United States consul at Bordeaux. Frank Mason, of Ohio, consul general at Frankfurt.

Charles B. Trail, of New Orleans, consul at Marseilles.

William H. Dimond, to be superintendent of the mint of the United States at San Francisco, Cal.

Pearis B. Ellis, to be assayer of the mint of the United States at Carson, Nevada.

## Two Important Cases.

WASHINGTON, June 22.—Two important cases will come up for hearing before the interstate commerce commission next week. The first is set for the 25th instant, and involves the question of cotton transportation rates. The New Orleans cotton exchange is complainant and several southern and southwestern railroads are defendants. The complaint is discriminatory in rates against cotton carried from the cotton belt to New Orleans and in favor of cotton carried from New Orleans to eastern cities.

The second case, which will come up for hearing on the 27th, is that of the Independent Refiners' association of Titusville and Oil City, against several roads that carry oil to the sea board, and involves discrimination in rates against the refiners.

## Two Lucky Young Men.

WASHINGTON, June 22.—The first appointments to cadetship at the military academy for the class of 1894 have been made. Western Forshey Moore, of Cincinnati, O., and Michael Slattery, of Otsego, Wis., are the lucky young men.

## The President Goes to Cape May.

WASHINGTON, June 22.—The president, accompanied by Postmaster General Wanamaker, left on the 3:45 p. m. train over the Pennsylvania railroad for Cape May, N. J.

## SHOT BY A MOB.

A Negro Prisoner Taken From a Sheriff Near Ridgewater, South Carolina.

COLUMBIA, S. C., June 22.—A negro named Andy Caldwell, yesterday attempted to ravish Mrs. Beckham, a respectable woman, at her home near Ridgewater, S. C. Mrs. Beckham's daughter tried to shoot the negro, but her gun failed to fire. The negro then took the gun from the girl and shot her in the leg. He then went to Ridgewater and created a disturbance in a store, when the proprietor shot at him and he ran away.

In the meantime it had been learned that the negro was an escaped lunatic. The sheriff finally captured him and placed him in charge of a guard from the state lunatic asylum who started for Columbia with him. When near Rockton, the party was surprised by a body of forty armed men, who took Caldwell into the woods and shot him to death.

Mrs. Rutherford T. Hayes Paralyzed.

CLEVELAND, O., June 22.—A special from Fremont, O., states that Mrs. Lucy Hayes, wife of the ex-president, was yesterday afternoon stricken with paralysis. Her entire right side is affected, and at 9 o'clock she had not recovered consciousness. Gen. Hayes was in Columbus, but arrived home at 5 o'clock in the evening. The other members of the family have been telegraphed for.

MRS. LUCY HAYES.

## FIRE WORKS BURNED.

A Number of Lives Sacrificed as a Result of a Boston Fire.

Boston, June 22.—A disastrous fire, accompanied by loss of life, occurred early yesterday evening in the fire works establishment of Heyer Brothers, corner of Sumner and Hawley streets. Three dead bodies have been taken from the ruins, and three persons are known to be fatally injured. It is feared that there may be more victims among the debris. The building was occupied on the ground floor by C. E. Browning, milliners, and on the three upper floors by Heyer Brothers, dealers in fancy goods and fire works.

A salesman discovered the fire on the second floor shortly after 5 o'clock. The flames spread rapidly, cutting off the escape of several men in the upper stories, and in five minutes the dense smoke and almost incessant discharge of fire works made the building a perfect pandemonium for those confined within its walls.

Edward Heyer, one of the firm, was nearly overcome by smoke. He managed to climb to an adjoining building, however, and escaped unhurt. Charles Albert Gage, aged 20, dropped from the third story window and broke his neck. Charles F. Callahan, of 426 Chelsea street, East Boston, and Thomas Paine, packers, who were working on the fourth floor, jumped from a window in their fright. Paine was instantly killed, and Callahan's injuries will probably prove fatal. William Brenenthal, who was on the second floor, was doing good service in checking the flames, but lost his way while carrying water, and rolled down the stairs. He was injured so badly that it is feared that he cannot recover. A body taken from the burning building has been recognized as that of Samuel Cord, the chief packer of the firm. The body of a boy was also taken to the morgue, and has not yet been identified. This completes the casualties so far as known at present.

The firm employed from twenty to twenty-five men and boys, and carried a stock of \$10,000 worth of fireworks, and \$30,000 to \$60,000 worth of fancy goods, which is well insured. A large portion of the stock is ruined. During the fire the discharge of fireworks sounded as if a battle was in progress. Occasionally a rocket would shoot out of the windows. The interior of the building was completely ruined, but the walls are left standing.

The employees were largely foreigners, and known to the firm by their first names only, and this fact may add to the difficulty of ascertaining whether or not there are any other bodies in the building. The cause of the fire is not known.

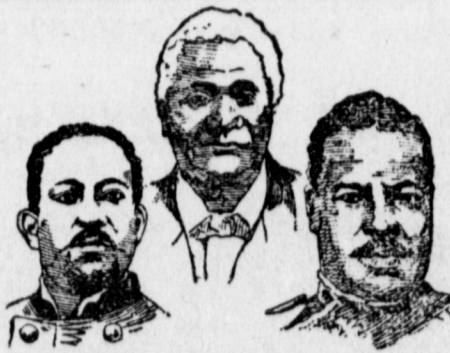

A later investigation shows five lives lost, two boys missing, and one man probably fatally injured. The dead are Samuel Cord, C. F. Callahan, Thomas Paine, one unidentified man, one unidentified boy. Fatally injured, Charles Albert Gage. Missing, John E. Anderson and Charles Polley, both boys.

Heyer Brothers' loss is about \$50,000, and Browning's about \$20,000.

## AFFAIRS IN HAYTI.

Hippolyte Triumphs Over Legitime and the Latter Asked to Leave.

NEW YORK, June 22.—The following has been received by steamer Saginaw from Hayti bearing date June 5: "Yesterday afternoon Gen. Hippolyte, provisional president of the republic, arrived at Cape Hayti with about 1,000 men. He was very well received by the populace. Before coming to the cape he visited the mountains in the districts of Valliere and Thau, occupied a fortnight ago by the so-called 'Cacacs.' The principal leaders of these mountaineers have sworn allegiance to the northern cause, and they are now among the escort of the president. Now not a single place in any of the three departments of the north is occupied by the enemy.

LEGITIME. SALOMON. HIPPOLYTE.

"Yesterday we had news from Port-au-Prince up to the 31st ult. Further desertions in the ranks of Legitime's friends are reported. Anselme Prophite, Legitime's minister of war, who had left his command in the north—First army corps—and reported at Port-au-Prince before the breaking up of his army, has resigned and left the country. Gen. Laforest, who was military governor of Port-au-Prince has also left. A new ministry has been formed. The archbishop of Port-au-Prince and other friends of Legitime called upon him, begging him to leave the country, so as to insure peace. He refused to do so."

## One of Our Vessels Fired On.

NEW BEDFORD, Mass., June 22.—The steamer Baltic, of Provincetown, from a whaling voyage, reports that while in Samana Bay, in May, she was fired on by a party of Haytian soldiers, but no one was hurt. The captain was unable to get any satisfaction, and reports that the authorities seem unable to enforce discipline. He will refer the matter to Washington.

## Mill Hands Thrown out of Work.

LANCASTER, Pa. June 22.—Owing to the recent assignment of George Calder Jr., owner of the Fulton cotton mills, this city, operations in the mills were indefinitely suspended last evening. Three hundred hands were employed in the mill.

## No Startling Change.

The Business Outlook Shows No Improvement

ACCORDING TO DUN & COMPANY.

A Good Crop Prospect But Fears of a Scarcity of Money—The State of Trade Compared With Last Year—Heavy Shipments of Gold Abroad—The Failures of the Week.

NEW YORK, June 22.—Dun & Company's weekly review of trade says: While business is rather more active, it cannot be said that the outlook has on the whole improved. There is a better feeling, with larger transportation in iron and wool, and crop prospects are more favorable. But the agreement of railway presidents has not prevented a renewal of strife, and the demoralization of rates is spreading widely, and meanwhile the exports of gold to-day will exceed \$4,400,000.

If the railway outlook continues to discourage foreign investors, and the banks begin the last half of the year with low reverses, gold going out, and large crops to be removed, the monetary prospect will not be quite encouraging. The present increase over last year in the volume of payments through clearing houses is large at New York, averaging 31 per cent. for two weeks of June; not so large at Boston, Philadelphia and Chicago, where speculation is active, but averages for the two weeks 13.3 per cent.; and smaller, but yet considerable, at the thirty remaining towns, where the increase for two weeks averages 9.3 per cent.

The actual increase of a per cent. in volume of payment is fairly distributed, though at about a third of the cities business falls below last year's. At Milwaukee continued wet weather retards, and business is rather quiet at Kansas City, and outside of speculative operations and the iron trade, it is generally dull at Philadelphia, but marked improvement is noted at Pittsburg, and in a less degree at Cleveland. The demand for money is rather active there, but generally very moderate, with collections not, on the whole, perceptibly better.

Rains have decidedly improved crop prospects in the northwest, so that great hopefulness tinged all commercial reports from that section, and the demoralization of rail rates is commonly supposed to promise better returns to farmers, while the difference in cost of transporting eastern products to western consumers is already considerable throughout the region north and west of Illinois. Lake and canal rates have also been reduced, and are near their minimum.

Better prices for iron are reported at Pittsburg, at Philadelphia, and to some extent here, the advance on many kinds of pig iron being about fifty cents per ton. But northern No. 1 can still be bought here at \$16.50 to \$18, and southern No. 1 at \$16.25 to \$17 per ton. The markets for manufactured products are stronger and higher, but there is a feeling of doubt whether the improvement will hold after the orders have been placed which result from recent destruction of property by floods. In coal, recent hopes have not been realized. It is even stated that the Reading company has not received a single order at the late advance, and sales below the schedule are reported at Philadelphia. Copper is unchanged.

Wool is rather stronger, 104 quotations averaging three-tenths of a cent higher, and manufacturers in some lines buy more hopefully, but in many others the state of the dry goods market is still given as a good reason for buying no more than enough for immediate requirements.

Wheat has been advanced 1 1/2 cents, with sales of 60,000,000 bushels here for the week. But this speculative movement seems to take no account of the fact that wheat and flour equivalent to about 40,000,000 bushels in excess of a minimum stock will probably remain from the last crop July 1, to be added to a new supply, which now promises to exceed all requirements for the next year.

Corn is one-half and oats three-fourths cents higher, for no other reason than because wheat advances. Cotton has declined one-eighth, with sales of 486,000 bales in a week, which is more than double the entire stock at all ports. A long expected break in coffee lowers the price one and one-fourth cents with sales of 696,000 bags. But the price is still fifteen cents for December options, against nine and one-half cents a year ago, and operators wonder that the public does not buy. Pork, lard and hogs are a fraction lower, sugar unchanged for this week, and leather half a cent higher for some grades.

The general tendency of prices has been slightly upward, but the advance averages only one-eighth or 1 per cent. for the week.

The heavy shipments of gold this week are a surprise to many, and are attributed by some bankers to the needs of the Bank of France and the large expenditures of Americans at the exposition. But the balance of foreign trade has for months been so heavily against this country that no such explanation of gold shipments is necessary. For June, thus far, merchandise exports from New York are 16 per cent. higher than last year's, with imports somewhat smaller, but even these changes would leave a heavy excess of imports over exports to be met by shipments of securities or gold. At present the temper of speculation does not encourage the belief that foreign buyers will take railway securities largely. On the contrary, demoralization of rail rates is likely to be followed by foreign sales. The stock market is a little lower, but with great spec-

ulative strength still shown in the stocks which have been controlled by powerful combinations.

The business failures occurring throughout the country during the last seven days, number for the United States 195, and for Canada twenty-five, or a total of 220, as compared with 250 last week and 220 the week previous to the last. For the corresponding week of last year the figures were 204, representing 176 failures in the United States and twenty-eight in the Dominion of Canada.

## AMALGAMATED ASSOCIATION.

The Convention Re-Elects the Old Officers and Adjourns.

PITTSBURG, June 22.—The fourteenth annual convention of Amalgamated Association of Iron and Steel Workers reached a final adjournment yesterday evening, after a session of seventeen days. At yesterday evening's session William Weihe was unanimously re-elected president; William Martin re-elected secretary; and Steven Madden re-appointed assistant secretary.

There is but little doubt that the wage scale as adopted by the convention and submitted to the manufacturers will be accepted by the latter without alteration. The difference between the employees and managers of the Carnegie Homestead mills remains unsettled, and will probably so remain until July 1, the end of the present scale year. There is now no prospect of an amicable adjustment of the differences between the managers and their employees, and a strike is almost certain to occur at that time.

Jones & Laughlin signed the scale of the Amalgamated Association yesterday for the American iron works. This is the first firm to accept, but other signatures are expected.

## THE JOHNS' OWN DISASTER.

Various Events Which Took Place in the Devastated District.

JOHNSTOWN, Pa., June 22.—Yesterday the burgess and several of the citizens of South Fork sent word to Gen. Hastings that they were very much in need of food and clothing. He at once sent an abundance of both to the town and will continue to supply it and other towns until assistance will no longer be needed.

One hundred portable houses are expected here hourly, and scores of carpenters will immediately go to work placing them on their foundations. The utmost expedition will be used in order to induce people to become domesticated again. The methods of erecting these houses is simplicity itself, and they can be put together with astonishing rapidity. The houses will be erected after the most approved sanitary principles, on sites recommended by the state board of health.

The erection of one hundred two story frame business houses on the public square was begun yesterday. By the 1st of July a goodly number of these houses will be ready for their tenants. As soon as these buildings are in shape for the purposes intended, a committee, appointed by council will take charge of them and distribute them by lot among the business men.

Property owners in the city, real and personal, thus far report losses aggregating \$2,000,000.

The bodies of twenty-seven persons were taken from various places of the wreck yesterday. In a cellar near the Presbyterian church a family of six persons was found. The husband and wife clasped in each others arms, their little ones lying on either side of the parents. All were too much decomposed to be identified. The bodies identified were Henry Pritchard, Mary and Maggie Benford, sisters of the proprietor of the Hurlbert house, L. J. Tracy and Minnie F. Harris, daughter of the chief of police.

Daniel Stoner of Altoona, came to Johnstown yesterday and dropped dead while looking at the body of a relative taken from the ruins at the viaduct. He was 65 years old.

After a consultation between Gen. Hastings and Miss Clara Barton, the Red Cross society decided to transfer their headquarters now at Maxham to a lot near Gen. Hastings' headquarters.

The force of men at work has been reduced to 2,000, and it is thought the results will be more satisfactory. All the ringleaders of the strike have been paid off, and have left the town. No further trouble is anticipated.

Representative Rose telegraphed Speaker Boye yesterday thanking the members of the legislature for their kindness of a proposed donation for him, but he respectfully declined to receive any such aid, as he says he was not so badly injured that he could not help himself.

## An Unknown Man Suicides.

NEW YORK, June 22.—A man about 35 years of age shot himself dead this morning at a lonely spot in an upper suburb of the city. Cards in his pocket bore the name of Richard Hallager, La Crosse, Wis., and A. Jurgens, 88 La Salle street, Chicago.

There is a consultation between Gen. Hastings and Miss Clara Barton, the Red Cross society decided to transfer their headquarters now at Maxham to a lot near Gen. Hastings' headquarters.

The force of men at work has been reduced to 2,000, and it is thought the results will be more satisfactory. All the ringleaders of the strike have been paid off, and have left the town. No further trouble is anticipated.

Representative Rose telegraphed Speaker Boye yesterday thanking the members of the legislature for their kindness of a proposed donation for him, but he respectfully declined to receive any such aid, as he says he was not so badly injured that he could not help himself.

## HECHINGER & CO., LEADING CLOTHIERS AND TAILORS, ODDFELLOWS' HALL.

### DAILY EVENING BULLETIN

DAILY, EXCEPT SUNDAY.  
ROSSER & MCCARTHY  
Proprietors.

SATURDAY, JUNE 22, 1889.

PROHIBITIONISTS are getting the worst of it all along the line this year, it seems. The defeat in Pennsylvania was followed a few days after by the repeal of the prohibitory amendment in Rhode Island. This amendment had been in force since 1886.

The Democrats of Fleming heartily endorsed the nomination of S. G. Sharp for State Treasurer, and the administration of Governor Buckner, pledged themselves anew to the cause of tariff reform and nominated J. L. Markwell for Representative.

ACCORDING to the report of the Commissioner of the Bureau of Labor Statistics, Ohio real estate is mortgaged to about 30 per cent. of its cash value, there being now on record 291,640 mortgages, representing an indebtedness of \$330,995,205 78, on an aggregate valuation of \$1,220,262,555. This is not a very healthy showing for the great State of Ohio.

In affirming the case of Hodges against the Commonwealth, the Court of Appeals says:

The only grounds upon which an arrest of judgment is allowed in a criminal case is that the facts stated in the indictment do not constitute a public offense within the jurisdiction of the court.

An indictment for uttering and publishing a forged or altered check, the person whose name was signed to the order did not sign it, and that his name was forged to it, but failed to allege that he did not authorize his name to be signed to it. Held—That while the indictment would have been bad on demurrer, it is not so defective as to authorize the arrest of the judgment.

Hodges is now in jail at Brooksville, having been convicted at the last term of the Criminal Court. He was sentenced to two years in the penitentiary.

#### Visiting Ministers to Preach.

Christian Church—G. F. Bagby, D. D., of Frankfort, at 11 a. m., and Rev. H. T. Daniel, of Richmond, at 8 p. m.

First Presbyterian Church—Rev. W. J. E. Cox, of Georgetown, at 11 a. m., and Rev. George Hunt, of Stanford, at 8 p. m.

Central Presbyterian Church—Rev. J. W. Lynch, at Danville, at 11 a. m., and Rev. B. F. Swindler, of Owensboro, at 8 p. m.

Scott Chapel—Rev. George Hunt, of Stanford, at 11 a. m., and Rev. W. J. E. Cox, of Georgetown, at 8 p. m.

On account of quarterly meeting services at M. E. Church, South, and the presence of the Presiding Elder, no assignments were made to that church.

#### Stock, Field and Farm.

Forty-two Shetland ponies sold at St. Louis for \$10,500, an average of \$250.

August Belmont, with \$37,070 to his credit, was the largest winning owner at the Brooklyn meeting. The Dwyer Brothers came next with \$19,735.

The two greatest money-makers on the British turf belong to that wealthy peer, the Duke of Portland. Ayrshire and Donavan together have won \$290,000, with the prospect of winning thousands more.

The farmers in this section took advantage of the first fair weather and started their reapers yesterday. If the weather continues favorable the last of next week will see most of the wheat in the shock. The crop is a fine one, and a big yield is promised.

The movement of corn from first hands to the markets has been immense during the past few weeks, most of it going to Chicago. The receipts at that city during the month of May presented the enormous total of 17,297 carloads. This is the greatest amount for many years in the month named.

#### Railway News.

The C. & O.'s passenger traffic out of Cincinnati on the 19th was the largest on any day since the road was opened.

A special passed west over the C. & O. this morning with 200 Philadelphians on their way to attend the Turnerfest at Cincinnati next week.

The aggregate of gross earnings of 120 American roads in May shows an increase over the corresponding month of 1888 of six and one-half per cent. The increase thus far this year is seven per cent.

It is reported among the railroads that the Chesapeake and Ohio will use the Louisville Southern, between Lexington and Louisville, when the Louisville Southern's Lawrenceburg branch is completed to Lexington.

General Manager Harahan, in addition to his other duties, has taken charge of the traffic and accounting department of the C. & O. Mr. I. G. Rawn has been promoted to the position of Superintendent of Transportation.

The C. & O. announces an excursion from Portsmouth to Cincinnati every Sunday. The train passes here to-morrow at 9 a. m. Round trip from Maysville \$1.25. Procure tickets from agents, otherwise full fare will be charged.

ONE of the delightful social events of the week was a "peanut party" given by Miss Anna C. Frazee in honor of Miss Maggie Turney, of Paris. Each guest was presented with a beautiful bag as a receptacle for peanuts, and a dainty card on which was fastened a peanut shell. A portion of a quotation was on each gentleman's card, and as each one read in turn he became the escort of the young lady whose card bore the remainder of the quotation. On one card was the word "Prince," on another "Princess," and to them each lady and gentleman was presented, and asked: "What is your name?" "Where are you from?" and "What three gifts do you bring?" Each question had to be answered by a word beginning with P. It was quite amusing indeed to hear the numerous answers. The questions having been answered, the Prince presented each guest with a bag full of peanuts. Afterwards dancing was indulged in to the strains of Prof. Venie's orchestra. Those present were: Miss Maggie Turney, Paris; Miss Lucie Durert, Washington; Miss Lena Turman, Carlisle; Miss Emma Bascom, Covington, and Misses Lucie Watson, Elizabeth P. Wood, Addie Campbell, Nannie Wood, Lida, Anna and Nannie Burgess, Lizzie Cox, Hattie Albert, Sallie Perrie, Fannie Frazee, Mattie Forman, Mattie Evans, Julia Leach, Ethel Johnson, Ethlene Wall and Belle Barkley; Messrs. H. Lloyd Watson, Clarence Mathews, B. A. Wallingford, Jr., James Barbour, Jr., C. D. Russell, Dr. L. L. Robertson, Enoch Powell, Allan D. and Will Cole, Perrine Jenkins, C. A. Wood, Gay Strode, W. C. Wood and Harry Barkley.

### CLOSING BUSINESS.

The Baptists Complete Their Work and Adjourn—The Third Day's Doings.

The General Association of Kentucky Baptists completed the work before it yesterday afternoon at 5 o'clock and adjourned to meet next year at Owensboro.

At the morning session yesterday, T. C. Bell reported on State Sunday schools and colportage, showing the following:

Number of schools.....606

Number of scholars.....38,549

The receipts from book sales amounted to \$4,966 50 during the year. There are 817 churches in the State without a Sunday school.

A new constitution was offered by Rev. Hungerford. Ordered printed and referred to a committee consisting of Drs. Peter, Whitsitt and Gardner, who are to report it at next session for action.

T. P. Bell, Assistant Secretary of Foreign Missions, addressed the body with the privilege of unlimited time, making a speech of great earnestness and power.

The churches were asked to raise \$18,000 this year for foreign missions. Ten workers have been sent to Mexico, 7 to China, 5 to Africa, 3 to Brazil and 4 to Japan. Thirty-nine missionaries have been added in eighteen months. Dr. Bagby and Rev. H. T. Daniel also spoke on the subject.

Dr. Kerfoot was excused after the morning session.

M. D. Jefferies read the report on home missions. Dr. Tichenor, Corresponding Secretary of the Home Mission Board, was invited to address the meeting, and was allowed unlimited time. He presented an interesting series of facts regarding the work of his Board. The removal of the Board to Atlanta seven years ago had resulted in great good. The ministers have had 23,000 baptisms. The sum of \$10,000 was asked from Kentucky for this year's work. At the close of Dr. Tichenor's remarks, the report was adopted.

Rev. Fullilove submitted the report on temperance which was recommitted on Thursday. On motion it was adopted.

B. W. D. Seeley reported for the Committee on Nominations the same Executive Board as last year. Dr. Gardner requested that his name be omitted, which was done, and Rev. W. P. Harvey's was inserted.

Dr. A. C. Davidson was appointed to preach the annual sermon next year.

At the afternoon session the Moderator announced that J. B. McFerran, Andrew Conan, J. C. Freeman, and Judge Wm. Lindsay had been appointed a committee to memorialize the next Legislature on temperance. Dr. G. F. Bagby and J. M. Wood were added, Dr. Bagby being made Chairman.

General Green Clay Smith made an appeal for the evangelization of Kentucky. Dr. Wm. Felix followed with some excellent remarks. Dr. R. M. Dudley spoke of the importance of education within denominational influence. Religion and education go together. Dr. Eaton followed. He wanted every good object advocated without disparaging any other. Other speakers followed.

R. L. Thurman submitted the report on the colored university at Louisville. The value of the buildings is \$25,000. For ten years the university has had an average attendance of 150 students.

Dr. Bagby condemned the recent inflammatory utterances of W. J. Simmons, President of the University. Others spoke in a similar strain. Dr. Warder pleaded that all stand by the university, and not sacrifice it because of the unwise utterances of such men as Simmons. Dr. Eaton said he would continue helping the colored people, and hoped they would rid themselves of unwise leaders.

Resolutions were adopted warmly thanking the members of the church here and the citizens generally for abounding hospitality; the Maysville Street Railway Co. for complimentary tickets which proved very acceptable, especially to delegates stopping at a distance from the church; also the members of other denominations for courtesies extended. The association also returned thanks to Mr. S. B. Oldham for the use of a splendid Pasteur filter, giving excellent and pure water during the session.

Said one of the visiting members to the BULLETIN: "Maysville has shown unbounded hospitality. Especially was it kind in other denominations to open wide their doors and hearts. The delegates go away cherishing many pleasant recollections of this beautiful city."

Dr. Bagby made the closing address. Rev. R. B. Garrett thanked the association for its visit and said he hoped it wouldn't be forty years before the association met here again. A general hand-shaking and singing of "Blest be the tie," &c., closed the fifty-second session of the association—one of the most successful and pleasant in its history.

Dr. Eaton preached last night.

MESSRS. LANE & WORICK were awarded the contract for building the addition to Mr. E. A. Robinson's cigar factory. The work of tearing down and removing the old building was commenced yesterday. The new structure will be a brick, three stories high, fifty feet long and twenty wide. Mr. Jacob Turnipseed will furnish the brick.

SAYS the Falmouth Guide: "Colonel Eyer, who has been compositor, editor and the brains of the Democrat of this town for the past two years, has severed his connection with that paper and goes to accept the position of editor and business manager of the Maysville Democrat. The Colonel leaves next Thursday for his new field. He is a fine printer, a clever gentleman, a practical writer, and will render satisfaction to those who have employed him. He carries with him the Guide's best wishes."

A RIPLEY special says one of John Cochran's little boys and a son of Silas McDonald, each about 12 years old, captured several chickens on the street and without the formality of a trial by jury proceeded to hang them. The only question propounded to the victims was: "Have you anything to say why you should not be hanged?" Receiving no reply a noose was slipped over the necks of the chickens and they were strangled to death. The chickens belonged to a neighbor. The boys thought it was great fun. They were arrested.

## The Connecting Link

Between Martin Burke and the  
Cronin Murder

COMPLETELY ESTABLISHED.

Martensen Arrives at Winnipeg and Identifies Him as the Man Who Hauled the Furniture to the Carlson Cottage—The Chicago Grand Jury Rest on Their Investigation.

WINNIPEG, Man., June 22.—The link connecting Martin Burke with the Cronin murder was completely established yesterday evening when Martensen, the expressman, who hauled the furniture to Carlson's cottage, and who arrived here during the day, identified Burke among fifty-two prisoners and citizens who stood in a semi-circle in the jail yard. The identification was complete and beyond all doubt. Martensen walked before the men and picked out his man at the first glance.

Chief Hubbard, of Chicago, has been notified to this effect. Burke stood the ordeal well, he never flinched and maintained the same stolid demeanor that has characterized his actions since his arrest.

Burke was arraigned before Judge Bain under the extradition act during the morning. The case was postponed until Wednesday next, at the request of counsel for prosecution, who desired to have time to bring witnesses from Chicago. The evidence adduced before the Chicago grand jury will be submitted here.

Burke was spruced up considerably and looked better than he did in the police station. He took the proceedings as a matter of course, and did not appear to evince any interest therein. Chief McRae says Burke's intellect is dull and that he is not capable of showing any feeling.

When Martensen passed down the line, Burke stood twentieth, with his hands in his pockets and his eyes averted. Martensen glanced quickly in his face, marked his number on a slip of paper and passed on, examining the faces of the other men. After completing the investigation, he returned to where the officers and counsel were standing and held a whispered conversation. Counsel Howl was heard to remark: "We are satisfied, we will not want anybody else to identify the prisoner, but be positive of the number."

Martensen was accompanied to Winnipeg by a police officer whose name cannot be ascertained, but who is a superior of Detective Collins.

Chief McRae says they now have clear sailing, and he believes there will no further difficulty in preventing sufficiently strong evidence to secure Burke's extradition.

Telegraphic dispatches are passing rapidly between Chief Hubbard, of Chicago, and the officers here.

The Grand Jury Rest on the Case.

CHICAGO, June 22.—Further investigation of the Cronin murder has been postponed by the grand jury as a result of the accumulation of ordinary jail cases which require immediate attention in order that the prisoners might be brought to trial within the term prescribed by the statutes. The case will be taken up again next week. A number of minor witnesses were examined yesterday, including Robert Bruce, the private detective who says he was offered a large sum of money to "slug" Dr. Cronin.

Edward Spellman, of Peoria, president of the whisky trust, and district officer of the Clan-na-Gael testified concerning the disposition of the funds, the fears entertained by Cronin that his life was in danger at the hands of Alex. Sullivan or his cohorts.

A Winnipeg dispatch says that Burke was arraigned before Judge Burke in the queen's bench and remanded until Wednesday. Howell, queen's counsel, appeared for the prosecution, Campbell for the defense. Burke was handcuffed and closely guarded. No evidence was taken. When taken back to jail he was placed in the murderers' cage. Campbell will fight extradition to the last point.

Edward O'Meara Condon, the famous Nationalist, arrived from New York last night and had a prolonged conference with Luke Dillon. Afterwards they left the hotel in company, and up to a late hour had not returned.

Frank Woodruff has been visited several times by his mother and stepfather, Mr. and Mrs. Black, of San Francisco, and they sent him a new suit of clothes yesterday.

The police are mysteriously and unusually secretive regarding the source of their information about Burke, the Winnipeg prisoner. But it is now definitely known that the information on which Chief McRae arrested his man came from Hancock, Mich. Who sent the facts is not known, but Detective Palmer has admitted that Chief Hubbard has a man in Hancock who has done some remarkably good work on the case.

The police pooh-pooh the story that Burke might have been sent to Winnipeg as a dummy, and that Lawyer Trude and ex-Alderman Hildreth sent the information requesting his arrest. Chief Hubbard was a little angry when he read the story. "It is a blanked fake from beginning to end," he said, "and is absurd. The talk about McRae arresting Burke before we knew anything about him is also rubbish. Why, there were five men looking for him here in Chicago before McRae ever thought of him. Trude, Hildreth or Schaack had nothing at all to do with the arrest. I have my reasons for keeping the source of my information a secret, but it will all be told in good time."

General Cameron Unconscious.

HARRISBURG, Pa., June 22.—Gen. Cameron has been unconscious most of the time since the last paralytic stroke yesterday. His friends say he is in a dying condition, but his Harrisburg physician says he may live a number of days. Senator Cameron and wife will return home on the first steamer. They are now traveling in Scotland.
